**A Notice on the Flooding in Northern Utah**

There are no known road closures to report at this time.

The potential exists for brief and intermittent closures through the day today on roads near to creeks/rivers or running over culverts. If you see water on the roadway, do not attempt to drive through it.

The UDOT Traffic Operations Center will report any changes to roadway status as we are alerted to them.

If you've seen road flooding, please call 801-887-3700 to report it. Thank you.
